Awesome 1st time home buying experience! Haley answered all my questions and was very responsive to everything. I will be using her for all my home buying / selling needs. She even goes the extra mile and helped us out with issues after the sale, now that's not just a great Realtor, but a trusted friend.

Great experience for us to buy our first home. Haley was professional, friendly, and gave us confidence to not worry about the new process for us. Would go with her again for our next home. Highly recommend. Easily available at all times. Good listener and offered advise based on home value and our interests.

Agent Strengths: Local Knowledge, Responsiveness, Professionalism, Negotiating Skills

If you are looking for a trustworthy, responsive, knowledgeable and professional agent to either sell or find you a home in Rancho Santa Margarita, then Haley Farzley is your person! We feel fortunate that Haley found us when we were thinking about selling our home - and once she listed our home, it sold in less than a month. Haley made it easy for us, worked hard, was really a pleasure to work with - as easygoing as she seems and has a great sense of humor, she takes being your agent very seriously and we feel, represented our interests well and we were very pleased with the results. We would definitely use her again to buy or sell a home in RSM.

Haley is AMAZING! She is everything you want in someone helping you to sell or buy your home. She helped us do both. She knows how to provide you with the information you need without coming across as pushy or having a hidden agenda. I would say if you are looking to buy or sell your house and you want someone who will put your priorities first and not just chase a commision, HALEY is the choice.
